

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 23, 1995

SUBJECT: **SB 226 - HB 890**

This bill, if enacted, will establish certain requirements for the configuration of adult-oriented establishments that deal in sexually-oriented goods and services and will restrict the operating hours of such establishments to Monday-Saturday, 10 a.m. to 10 p.m. Any adult-oriented establishments that offer live, stage entertainment will be exempt from the restrictions on operating hours, provided they do not offer any additional adult-oriented goods and services. In addition, the bill provides that violations will be punishable by a fine not to exceed \$50 and suspension or revocation of any required license.

The fiscal impact from enactment of this bill is estimated to be an increase in first year local government revenues from any fines levied and collected and an increase in first year local government expenditures for any additional cost to monitor compliance. A reasonable estimate of the increase in local government revenues or expenditures cannot be determined but is estimated not to be significant.

Enactment of this bill is also estimated to result in a decrease in first year state and local government revenues from less sales tax

collections due to the restricted hours of affected establishments;
however, the amount of such decrease cannot reasonably be determined
but is estimated not to be significant.

This is to duly certify that the information contained herein is true
and correct to the best of my knowledge.
